“Authorized User” means the Customer employee(s) or contractor(s) licensed to use the Market Data as provided in Section 3 hereof.

“Market Data” means the set of historical market data described in the Order Form, compiled from the Trading Databases, and provided to Customer directly or indirectly by the TSX, whether transmitted to Customer by Internet or other electronic means of transmission, or provided in electronic form on a CD-ROM, diskette or other device, or in the form of a printed publication, or any other media now or hereafter known.

“Trading Databases” means a collection of databases owned and maintained by the TSX containing information with respect to the trading of securities listed on the TSX and other information concerning financial instruments obtained by the TSX from third parties, and includes file formats and proprietary software developed by TSX to collect and manage Market Data.

2. OWNERSHIP

(a) Customer understands and acknowledges that the TSX has proprietary and other *sui generis* rights and interests in the Trading Databases and the Market Data and that same are not in the public domain. Any Market Data provided to Customer directly or indirectly by the TSX pursuant to this Agreement has been derived from the Trading Databases which are copyrighted by the TSX.

(b) Customer acknowledges and agrees that TSX retains all right, title and interest in the Market Data and Trading Databases. Customer obtains no right, title or interest in the Market Data other than as expressly set forth in this Agreement. Customer agrees not to claim rights in the Market Data or Trading Databases.

3. LICENSE

(a) Subject to the terms and conditions of this Agreement, the TSX grants to the Authorized User(s) appointed by Customer a personal, non-exclusive, non-transferable license (the “License”) for the term of this Agreement to use the Market Data, solely for Customer’s own internal business purposes.

(b) Without limiting the generality of the foregoing and provided the applicable license fees have been paid by Customer, Authorized User may:

(i) Store the Market Data in one or more Customer databases accessible by Customer employees and contractors only;

(ii) Use and reproduce the Market Data for internal business purposes consistent with this Agreement, including interrogation, retrieval, analysis, manipulation, recompilation, and report preparation;

(iv) Subject to the use of proper TSX copyright and other notices specified in subsection 3(d), provide excerpts from the Market Data, in any medium or format (including orally, in writing, electronically or otherwise) to Customer’s own clients as part of a report.

(c) Except as specifically permitted by this Agreement, neither Authorized User nor Customer may:

(i) Reproduce or redistribute unprocessed/raw data portions of the Market Data to any third party, or otherwise engage in the systematic retransmission or commercialization of the Market Data;

(ii) Distribute the Market Data in any form of service for which end users pay periodic or usage based fees for access to the Market Data;

(iii) Authorize end users to do anything that Customer is not permitted to do under this Agreement; or

(iv) Use the Market data in any manner other than as expressly permitted by this Agreement.

THE TSX’S MAXIMUM AGGREGATE LIABILITY AND THAT OF ITS SUPPLIERS, AGENTS, OFFICERS AND DIRECTORS TO CUSTOMER SHALL NOT EXCEED THE AMOUNT PAID BY CUSTOMER FOR THE MARKET DATA.
